To whom it may concern:

Sunrise Park Elementary is pleased to support the KidSafe Foundation in its proposal to provide KidSafe Sexual Abuse Prevention Training to our school and others in Palm Beach County. The Kid Safe program was developed by a teacher and a licensed social worker.

KidSafe has been working with elementary schools in Palm Beach County since 2007. They have conducted several series of eight-week safety lessons for our students over the last seven years. This school year, they presented a parent seminar at our school. The parents were impressed with the quality of the program.

We look forward to many years of partnership with the KidSafe Foundation Inc. As their mission states, "provide education to children and adults to prevent child abuse, bullying and internet dangers." These are important issues for our students. KidSafe provides tools and techniques for students to avoid these situations and our student safety is of the utmost importance to us at Sunrise Park.

Please feel free to contact me if you should need any additional information.
