NORA RUPERT

ROBERT W. RUNCIE  
*Superintendent of Schools*

May 29, 2014

Dear KidSafe Foundation,

Heron Heights Elementary School had yet another excellent experience with the KidSafe Foundation. Grade 2 received the KidSafe for Kids eight week program during the Fall of 2013. The program was well received by students, teachers and parents. This type of personal safety education assists all students to be not only aware of their personal safety on a developmentally appropriate level, but also creates better citizenship in the classroom and school.

Our first priority is school safety and creating an open culture of transparency. The program was delivered in an engaging, kid-friendly setting and the students looked forward to the weekly sessions. The role-playing activities allowed the students to gain information about important safety issues and rules. The teachers were very impressed with the program. The students acquired essential knowledge of safety that they can use on a daily basis.

This outstanding and highly effective preventative program should be available to all Broward County schools. We look forward to working with KidSafe Foundation in the 2014-2015 school year.

Sincerely,

Jennifer Glancy  
Assistant Principal
