Ms. Cheri Benjoseph, L.C.S.W  
KidSafe Foundation, Inc.  
5944 Coral Ridge Drive #241  
Coral Springs, FL 33076

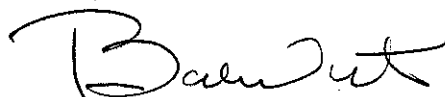

Dear Ms. Benjoseph,

Family Central, Inc., a not for profit agency founded in 1971, promotes children's success by providing quality family support and educational services. For over 40 years, Family Central has played a pivotal role in the lives of South Florida families by strengthening the social, emotional and economic binds that family members have to one another, as well as to their community. Last year alone, Family Central's vital services reached more than 115,000 South Florida's children, families and providers.

We are pleased to support KidSafe Foundation in its proposal to the BBX Capital Foundation to provide preschools in Broward County with KidSafe Programming. Parent education classes and the KidSafe eight-week children's program will be provided to four preschools located in Broward County. KidSafe will also provide one seminar at Family Central for staff and community members. This project meets the dire need to begin prevention education in the early childhood years – particularly reaching out to Broward preschools serving families in need. Family Central will promote these free trainings to preschools in Broward County.

Thank you for choosing our community to provide these important prevention services through the KidSafe Foundation.

Sincerely,

Barbara A. Weinstein, Ed.D.  
President/CEO  
Family Central, Inc.
