One in four girls and one in six boys will report being abused by the age of 18. Childhood trauma affects physical and emotional health throughout a child's life. KidSafe safety education empowers children to speak up and stay safe. We can only bring this education with your support.

Please join us for a fun evening and help keep children and families safe.

Thank you to our generous sponsors.

2019 L'Oreal Women of Worth

Thank you to everyone who voted for Sally Berenzweig and KidSafe. Sally received the prestigious honor of being recognized as one of ten 2019 Women of Worth for their amazing work to better the world in which we live.

Thank you Heart of KidSafe Sponsors

Thank you to our Heart of KidSafe Sponsors for ensuring that classrooms received safety education *and* materials! You truly are the Heart of KidSafe.

Legislation Protecting Children

There is a new Florida Department of Education rule, Rule 6A-1.094123 for Child Trafficking Prevention Education. This rule is mandating Florida students receive prevention education from grades K to 12, to make every school in Florida be a “Child Trafficking Free Zone.”

KidSafe for Kids, KidSafe’s personal safety education curriculum for Pre-K (4 years old) through Grade 2 has been added to the programs meeting the requirements. This will bring the KidSafe curriculum (along with others) into classrooms to strengthen and **empower our children with the knowledge that their bodies are special and belong only to them!** They will learn how to use their safety voice, and how to seek help from trusted adults if they have questions or are confused about something someone said or did to them, including while online. For more info on how this new mandate affects you as a parent <https://kidsafefoundation.org/topics/q-florida-mandates-child-trafficking-prevention-education-what-does-this-mean-for-our-young-children/>

Thank you for coming out and voting for KidSafe!
